FY 11 BUDGET DISCUSSIONS

Dr. Bodie and Ms. Johnson spoke on the FY 2011 budget and presented overview of FY 11 budget problems. The shortfall for the FY 11 Budget is \$6.8 million which will result in potential 80 -90 reductions at all levels in the Arlington Public Schools.

Members engaged in extensive discussion, were in agreement that the news was devastating, and encouraged the community to get vocal at the state and federal level.

RACE TO THE TOP DISCUSSION

Dr. Wallis Raemer and Ms. Julie Dunn spoke about Race to the Top (RTTT) developments since the last School Committee meeting. The potential initial grant stands to be less than originally anticipated. If the District were to sign the Memorandum of Understanding, it would retain the ability to apply for other grants as well. This would allow Arlington to have a voice and our concerns heard at the table in the future. This grant would help the State to secure Federal funding and may help other needy districts.

In addition to the RTTT MOU, there was discussion of the Massachusetts Teacher Association Memorandum of Agreement, which has circulated among districts in the state and would provide enhanced assurances between the School Committee, Administration, and teachers' union.

Dr. Spangler moved to direct the Chair of the Arlington School Committee to sign the Memorandum of Understanding for the Race to the Top, amended without objection by Mr. Curro to authorize the chair and the Superintendent to sign the standard MTA Memorandum of Agreement with the AEA, should the Association choose to participate with us in the Memorandum of Understanding, seconded by Ms. Starks. The motion was amended without objection by Ms. Burns to remove the phrase, "and the Superintendent."

Voted 4-2

Roll Call: Ms. Starks Yes, Ms. Heigham Yes, Dr. Spangler Yes, Mr. Curro Yes, Ms. Burns No, Mr. Curran No

Various Committee members raised the concern that the Race to the Top program indicates additional mandates. Numerous Committee members also recognized the importance of having a voice at the table.

Dr. Kathleen Bodie requested to go on record that she supports signing the Memorandum of Understanding and certainly will support the side Memorandum of Agreement with the Union. Dr Bodie expressed the hope that the union would reconsider signing the MOU, due to the potential of Arlington receiving money and the possibility of having Arlington at the table instead of having other states or towns making decisions for us.

TOWN GOVERNMENT RE-ORGANIZATION COMMITTEE PROPOSALS TO KENNEDY GOVERNMENT

SCHOOL OF

Ms. Burns moved to authorize the Town Government Reorganization Committee to submit the following paragraph to the Harvard Kennedy School of Government as a potential project for their consideration to help with in Arlington (non-binding, they may decide not to help we may decide we don't want their help after all).

Elementary School Redistricting:

Arlington has a commitment to seven neighborhood elementary schools. Five of those have been rebuilt and we are in planning stages with the other two. With the elementary population spread across town, and because there are demographic shifts in where students are located, we have some inequities in class sizes between schools and in order to provide more equal class sizes and find economies where we can, we may need to redistrict in the near future would welcome assistance with a study and proposal to assist with this project, seconded by Mr. Curro.

Voted 5-0, Dr. Spangler had exited room

SUPERINTENDENT'S REPORT

Dr. Bodie notified the committee that the town has entered into negotiations with a design firm for the Thompson Elementary School and the Capital Planning committee has approved a multi-year building plan for the Stratton Elementary School. Dr. Bodie discussed the Annual Measurable Achievement Objectives for ELL and how Arlington High School sent four teams to the Economics Summit Competition at Bridgewater State College in December. Dr. Bodie spoke about Mr. Skidmore's remarks on a Boston Globe article, entitled My Lazy American Students and the experience of international students at Arlington High School.

ROUNDTABLE

Mr. Curro noted that the Budget Subcommittee discussed the budget problems and reductions at the previous night's meeting.

Ms. Johnson had been looking into the possibility of revenue from outdoor advertising at sports activities and on the fields and noted it would require town meeting action; therefore the following motion was made:

Mr. Curro moved to authorize the Superintendent and Chief Financial Officers to work with the Planning Director and Town Counsel to craft a warrant article that would enable us to use temporary outdoor advertising at school sporting events and on fields, seconded by Ms. Burns

Voted 6:0

Dr. Bodie stated that the Town Manager would like to move the Budget along and she would like to give him the Bottom Line FY 11 Operating Budget.

The committee discussed whether it was even necessary for the School Committee to vote the bottom line budget number. Ms. Johnson said that she received notice from the Assistant Town Manager that the School Committee does not need to vote the bottom line. Finance Committee member, Richard Fanning, when asked from Chairman Mr. Curran if we actually needed the vote, said the committee would like a vote and a beginning number to work with from the full School Committee members.

Ms. Burns moved to confirm and acknowledge an unacceptable bottom line.

Ms. Burns then moved to reject the finance committee proposal for FY 11.

The committee agreed that the budget is a community problem and the schools and town need to work together. **Ms. Burns withdrew all her motions.**

Mr. Curro moved that the Arlington School Committee acknowledge the bottom line budgetary number of \$36,725,737, seconded by Ms. Heigham.
